Words of welcome

Dear Reader

Welcome to the latest edition of the AGE Concern Service Provider Directory. This directory has been developed to bring you information and contact details for a range of local services. This is an annual directory, so please keep it somewhere safe, and it will be sent out to our database of service users at the beginning of each year and also available from doctors surgeries, libraries, Southend General Hospital and the Civic Centre. If you are reading this, but have not received your copy, please call the office and we will add you to the mailing list.

We would hope that you always receive excellent service from any business advertised in this directory, but whether it be a positive, or unfortunately negative experience, we want to know about it!! We will be monitoring the service providers but would be grateful if you could let us know about your experience.

If you are a local business, and would like to advertise in our 2017 Directory, please contact Miki or Lin on 01702 345373. The directory is a really cost effective way of promoting and generating business from your local community.

I would like to take this opportunity of thanking Miki for working so hard on this project, and to MGA Printing for their design and printing.

Kind regards

Lin
